Nationales Luft- und Raumfahrt ZfP-Komitee
National Aerospace NDT Board (NANDTB) Austria

LETTER OF NOTIFICATION

No. 01/2017

In house training and in house recertification

The National Aerospace NDT Board of Austria, a Committee of the Austrian Society of Non-destructive Testing (ÖGfZP) and accepted in May 2005 by the National Authority (Austro Control) has agreed upon statements mentioned below:

In general, training and examination for level 1, 2, and 3 (common methods according to EN 4179/NAS 410) will be performed at authorized outside agencies.

Outside agencies must be stated in the written practice of the employer.

In addition following employers (companies) are authorized to perform in house training, examination and in house requalification:

AMAG Rolling

Responsible Level 3: HENKEL Dr. Ing. Christoph
Additional Level 3: PÖSCHMANN Dipl. Ing. Daniel

Austrian Technik

Responsible Level 3: WOTTLE Ing. Roman
Additional Level 3: EICHINGER Michael

Responsible Level 3: KOLLMANN Ing. Wilhelm

In house training and examination for all methods which are included in the written practice of the employer:

- Level 1/L training in accordance to EN 4179/NAS 410.
- Customer specific training
- Additional in house training for special techniques and specific corporate equipment (e.g. ultrasonic immersion technique, ultrasonic phased array technique) for all levels

In house requalification:

- Recertification of NDT personnel for all methods and levels which are included in the written practice of the employer.

The rules for training and recertification of EN 4179/NAS 410 apply.

Above mentioned Responsible Level 3 and additional Level 3 are identified in writing by the employer.

The employer has to identify in writing additional Level 3 Examiners as necessary to provide coverage for all methods which are stated in the written practice.

All records will be maintained by the employer and shall be available for audit by customers and/or external agencies.

Roman Wottle
Chairman, NANDTB Austria
